

User Experience/ User Interface Designer - Central London

RedEye is looking for a sharp and highly capable UX/UI Designer to join a friendly, growing UX/Optimisation team, working with major brands across the financial, retail/fashion, travel, media and gaming sectors (one client has over 150 million visitors per month!). Work with and learn from an experienced team, on exciting projects to design exceptional user experiences and optimise some leading brand websites and landing pages.

Who we are looking for:

- You will have an excellent sense of visual and user interface design
- You will be very interested in making user interfaces easy to use and more effective for online businesses
- You will be passionate about User Experience Design, UX, Usability and optimisation
- You will have lots of ideas and be able to clearly explain and rationalise
- You will have had 2-4 years agency experience as a UX/UI/Interaction Designer
- You are able to work directly with clients and contribute to new business opportunities
- You are always determined to deliver projects on time and to exceed the quality expectations

Skills required:

- UX/UI Design, Wire-framing and prototyping (preferably using Axure)
- Excellent Photoshop skills
- The expertise to optimize even the best ecommerce websites and landing pages
- An understanding of ecommerce websites and optimisation best practices
- Excellent communication skills – written, verbal, and presentation
- Excellent team working skills
- Great attention to detail
- You will be comfortable learning and using new software, and do not require formal training in order to quickly understand how to get the most out of the tools available to you.
- Nice to have – an understanding and experience of XHTML/CSS/JavaScript
- Nice to have – usability experience
- Nice to have – understanding and experience with AB/MVT tools
- Nice to have – understanding and experience with Google Analytics, or other web analytics solutions
- You must be eligible to work in the UK – right now, not in the future.
- You must have fluent written and spoken English.

Benefits:

- A friendly, highly experienced and passionate UX and Optimisation team in which you will immediately become a key member
- The chance to shape projects from beginning to end
- Work with leading brands (one client has over 150 million visitors per month!)
- A real opportunity to engage in ongoing R&D work to shape our range of products and services
- A 'posh' working environment in Belgravia, located immediately adjacent to the heart of Victoria. Clients love it and so will you.
- 5 weeks holiday
- Competitive salary

If you are interested in this position, please send a covering letter and your current CV to careers@optimum-web.co.uk.

No agencies please.
